

Testimonial for Jacques Pretorius from Peter Bowles landlord of Falcon House, Black Eagle Close, Westerham, Kent.

19/01/2015

I asked Jacques to quote for some A/C improvements which were being planned at my offices in Westerham.

My landlord at first was shocked by how low JP's quote for the work was compared with 2 others he had received. JP's friendly and professional manner along with his competitive pricing convinced him that he wanted to switch from his regular company.

There is a large project which JP and his company have undertaken for him and they are doing it in stages so as to minimise disruption to a busy office.

Following his work in December, the first phase of the project, Peter has this to say;

Dear Jacques

This is just a short note to thank you for the swift and efficient way in which you carried out the first phase of the air conditioning upgrading at Falcon House.

Working in occupied offices is always difficult, but the cooperative and communicative way in which you operated reduced disruption to an absolute minimum.

Thanks again

Peter Bowles
