Testimonial for Jacques Pretorius - JP Air Conditioning

Jacques came to my premises to review my existing non functioning Air Con. JP gave me the prices of fixing the existing system and a quotation for a new one.

The price of the new Mitsubishi system with installation was so reasonable that I decided to cut my losses with the old outdated machine and have a brand new one installed .

JP and his assistant Carlos were fantastic!

They were polite, efficient and worked effortlessly around me and my customers and I am delighted to have a brand new and efficient Air Conditioning system in an environment that can get VERY hot.

I would not hesitate in using jp's services in the future and will continue to recommend JP Air Conditioning whenever possible.
